

The Littlefield Women's Health Public Forum

The Influence of Sex/Gender on Cardiovascular Health

You may know that heart disease is the biggest killer of women . . . but may not know the many cardiovascular health differences between women and men. Renowned cardiologist and Senior Associate Dean of the Stanford School of Medicine, Hannah Valentine, MD, will be the featured speaker.

Seminar is free and open to the general public.

Thursday, February 7, 2008 • 6:30 – 7:45 p.m.
