1180 Welch Road

**L**ocated within close proximity to the Stanford Hospital, 1800 Welch Road offers an opportunity for campus living to eligible individuals from the Hospital, the faculty and academic staff and SLAC. Minutes from the Stanford Campus and the Stanford Shopping Center, the 108 apartment unit complex was designed by Sandy and Babcock, with special attention given to forms and materials which reflect the traditions of the University.

The apartments are efficiently detailed and are contained in six 3-story walk-up buildings. Clustered around an open landscaped courtyard, the units range in size from studios to two-bedroom apartments, each with its own private patio or deck. Amidst gracious landscaping designed by Anthony M. Guzzardo and Associates, the site provides a pool and laundry facilities for residents' use. The complex provides comfortable living in close proximity to the University and the Medical Center.
